

COMPLETE CONNECTIVITY FOR USB-C DEVICES

GET A FULL DESKTOP EXPERIENCE FROM YOUR LAPTOP

Connect a 4K HDMI monitor, keyboard and mouse to your laptop or mobile device and get a full desktop experience with the USBC2000 USB-C Docking Station. It features a USB-C host port and cable, a USB-C charging port, an HDMI video port featuring resolutions up to 4K x 2K @ 30 Hz, a Gigabit LAN port, three high speed USB 3.0 type A ports (one of which supports charging up to 7.5W) and a SD/micro SD slot.

The USBC2000 is ideal for all kinds of enterprise applications. Users who share workspace stations can work at a larger screen with keyboard, mouse and a wired LAN connection. Executives and sales professionals can use a USB-C dock to create a workstation at home or to connect laptops, tablets or smartphones to conference room screens and projectors. Plus, it allows mobile professionals to operate from a coworking space.

QUICK SETUP

Connecting a laptop to the network, bigger screen, keyboard and mouse is as simple as plugging in one USB-C cable.

PORTABLE

Users can quickly take their work with them wherever they go – whether to a shared workstation, sales call or home.

FLEXIBLE

Not only compatible with various operating systems and laptop brands, but also backward compatible with USB 2.0 equipment, so you aren't limited by legacy hardware.

SUPER-FAST

Supports USB 3.0 super speed (5 Gbps) transmission.

USB POWER DELIVERY

Power both the docking station and your laptop, using your laptop's USB-C power adapter (supports USB Power Delivery 3.0, up to 100W).
